Healthy Snacking With Benefits Beyond The Ordinary

Clean Snacking
We've removed the "bad stuff". Our snacks are crafted with zero palm oil, zero trans fat, and no added preservatives.

Powered by Supergrains
We skip refined flour (maida). Instead, we use a base of nutrient-dense millets and grains like Jowar, Bajra, Quinoa, and Oats.

Roasted, Not Deep-Fried
We believe great taste shouldn't come at the cost of your heart health. That's why we use roasting techniques instead of deep-frying.

Bold, Authentic & Indian
We refuse to let "healthy" mean "bland." We use real spices and natural seasonings to bring you the nostalgic zing of Indian food.

What people are saying about Grainzz

"Finally, a snack that doesn't make me choose between my health and my cravings! Grainzz has become my go-to for mid-day hunger. I love that it's roasted and made from millets!"
